The Premium Studio

Why should I choose this room?

Sometimes you just want some space to yourself to enjoy your own company. If this resonates with you, the Premium Studio would make a great student experience for you. The comfortable design of our Premium Studio creates the perfect space to relax and unwind after a long day

of classes. With a little more living room area, you can kick back and watch some Netflix or even invite some friends to come hang out in your studio space.

If you fancy some extra outdoor space, there are a few Premium Studio with

Terrace rooms for hanging out in the sun after class too.

Not what you're looking for?

If the size of a regular studio would suit you just fine, give our [Studio](#) editorial a read over. The Studio has all the same features, just with a little less living and dining space. You will still enjoy a modern, quiet and cosy room

with storage, a study area and a fully equipped kitchen.

On the other hand, if you'd prefer even more space in your student home, definitely check out our [1 Bed Apartment](#). This option

is our most enticing room for students looking for a room to themselves. With a separate living and dining room, ensuite bathroom and separate bedroom, you couldn't ask for a roomier option.
